Welcome to our new team members!

COVID-19 Updates

With the rapid lifting of mask mandates throughout the state, we would like to remind the community that masks are still mandatory in healthcare facilities and appreciate your understanding!

Scheduling and Screenings

All appointments still require COVID-19 screenings according to the CDC. Please take into consideration that the first 15 minutes of every appointment are designated for screening and your provider appointment starts 15 minutes after your appointment time.

Allergies and Symptoms

Please be considerate of the community and reschedule your appointment if you have allergy symptoms that are similar to COVID-19 symptoms. We really appreciate your understanding and consideration for your neighbors!

A message from Dr. Hwang:

It's with sadness that I'll be leaving Baltimore and thus, leaving Fells Point Dental this June. It has been a joy to come to work in a beautiful space with a wonderful team of hard working women. The field of dentistry is a tough path to walk, and each one of you are an inspiration to me.

To my patients - Thank you to those who put their trust in me to do my best work; to those who remained patient with me whenever I was running behind; to those who traveled far just to see us, to those who've enthusiastically referred all their friends and family here; to those who've opened up their lives to me so that I became not only their dentist but their friend - thank you for lighting up my life. It's been an honor!

Fells Point Dental is such a rare gem of a modern dental practice where all of us strive to do right by the patient first and foremost. I'm grateful to have learned so much from Dr. Andersen and will miss my Fells Point Dental family.

For Dr. Hwang's Patients:

Please call or email the practice if you have a preference for providers for your future visits. If you already have an appointment scheduled and you would prefer a specific provider, we will be happy to schedule you with whomever you prefer. All of our doctors are accepting new patients and will be happy to take care of your dental needs!
